PXIL Highlights Strategic Role in Regional Power Trade at South Asia (BBIN) Power Summit 2024

New Delhi, December 20, 2024: Power Exchange India Limited (PXIL), India's premier power exchange participated in the South Asia (BBIN) Power Summit 2024, held on December 20, 2024, at the Shangri-La Hotel in New Delhi. The summit, a prominent platform for regional energy collaboration, convened key stakeholders from the BBIN (Bangladesh, Bhutan, India, Nepal) countries to explore opportunities and address challenges in advancing cross-border electricity trade.

Shri Satyajit Ganguly, Managing Director and CEO of PXIL, served as a distinguished speaker in Session IV, themed "*Promoting Power Exchanges in BBIN: Issues and Intervention Required.*" Shri Ganguly shared valuable insights on enhancing regional power trading frameworks, addressing critical challenges, and identifying strategic interventions necessary for strengthening electricity exchanges within the BBIN region. His address emphasized PXIL's commitment to fostering collaborative energy solutions and advancing the integration of power markets in South Asia.

During his session, Shri Ganguly highlighted the transformative potential of robust power exchange platforms in enabling seamless and efficient electricity trading across BBIN countries. He underscored the importance of developing harmonized regulatory frameworks, strengthening grid interconnectivity and infrastructure, encouraging public-private partnerships to drive investments, promoting knowledge-sharing and capacity-building initiatives among BBIN nations to enhance institutional capabilities.

“The BBIN region has immense potential to become a model for energy cooperation and integration,” stated Shri Ganguly. The summit also witnessed active participation from government officials, policymakers, and industry leaders from Nepal and Bhutan, further enriching the dialogue on cross-border power trade.
